"Education is not the filling of a pail but the lighting of a fire"

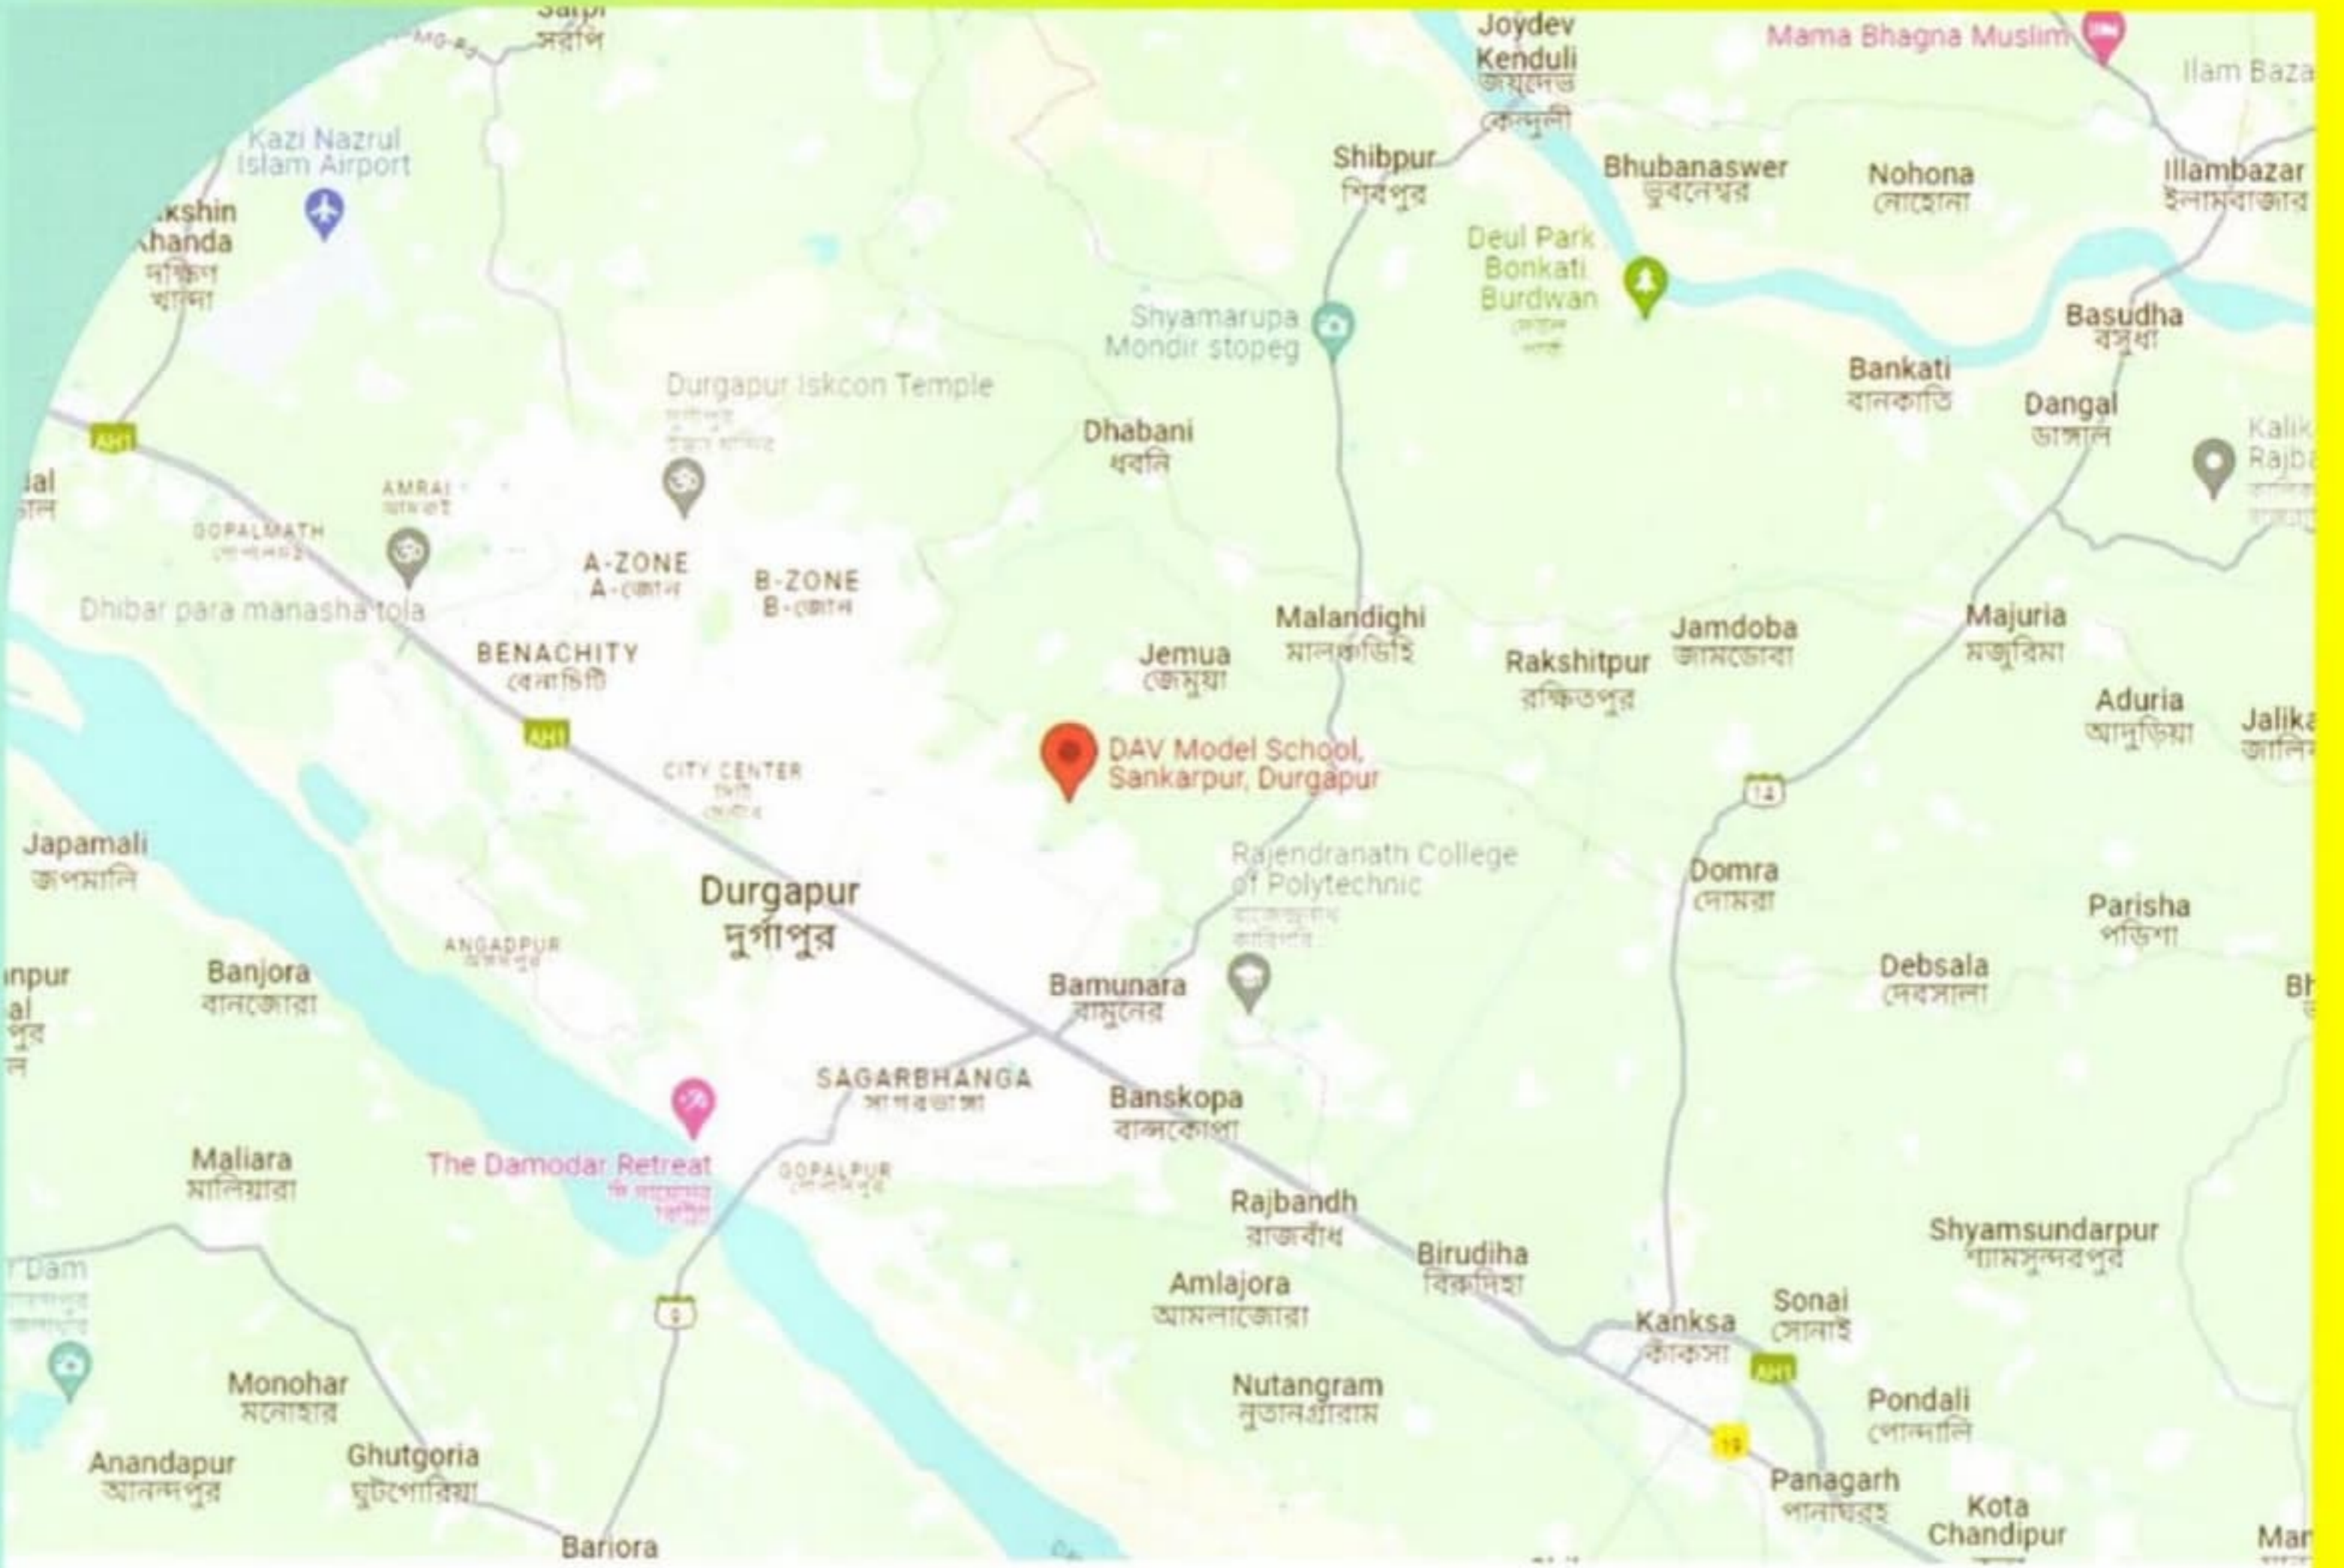

- by William Butler Yeats

The school is introducing **BAGLESS DAYS** for students in sync with the NEP 2020 and CBSE recommendation. Through **Bagless days** school is trying to promote experiential learning by allowing students to engage in hands on activities, projects and field trips that will enhance their understanding of subjects beyond the theoretical knowledge. Students will be encouraged to participate in workshops, presentations, art activities, sports events, community service that will foster creativity, teamwork and overall holistic development.

These reasons collectively support the idea that **BAGLESS DAYS** in our school, as recommended by CBSE, aim at enriching the educational experience, promote the well being of students and also prepare students for a well rounded, dynamic future beyond traditional academic settings.
